Bay Islands College of Diving
Utila, Honduras

12th October 2017

I am writing to you regarding Kate Sutter's diving proficiency.

Kate spent three months on Utila and of that, 3 weeks training under me for her Instructor Development Course.

With over 200 dives under her belt, she displayed above-average professional diving skills, very professional conduct and excellent customer relations. Kate is more than capable of both supervising and instructing certified and aspiring divers and has displayed a thorough understanding of diving safety.

Sincerely,

Nick Derutter
